

Program/Area: Business--Finance**Session Title:** Budget Challenge - The Road Test for Personal Finance**Time:** 8:00:00 AM - 9:00:00 AM

Session Description: Noelle Gray Budget Challenge ngray@bcsim.com Budget Challenge® is a personal finance simulation that teaches teens money management skills. During the 10-week competition, students receive virtual paychecks and bills in real-time and are challenged to build a budget and make financial decisions that help them learn how to pay bills on time, manage a credit card balance, and save money for retirement in a 401(k).

Program/Area: Business--Middle Level**Session Title:** I Have to Do WHAT?!**Time:** 8:00:00 AM - 9:00:00 AM

Session Description: Susan Hector Weaver Middle School susan.hector@bcsdk12.net Have you ever looked at the Middle-Level Business & Computer Science standards and thought to yourself, "How can I possibly get all that done?!" Well, fret no more! "I Have to Do What?!" is a comprehensive workshop designed to show just how one (1) teacher can complete all those standards. The workshop is facilitated by a member of the committee who worked on the development of the current standards (particularly BCSIII). Please join us and learn how you can not only complete the standards but help your students begin their journey to a fascinating business pathway!

Program/Area: Business--Finance**Session Title:** Welcome to GAfutures Enhanced FAFSA Completion Tool**Time:** 8:00:00 AM - 9:00:00 AM

Session Description: Tavis Caldwell Georgia Student Finance Commission TavisC@Gsfsc.org The presentation introduces our New GAfutures website (replacement for GACollege411).

Program/Area: Business**Session Title:** Learn. Practice. Certify. - Advancing MOS Certification Results**Time:** 8:00:00 AM - 9:00:00 AM

Session Description: Ann Schreck Certiport ann.schreck@pearson.com You understand how to get your students certified, and now you're ready to learn how to increase scores, prepare students for competitions, help them reach for Expert, and Master certifications, and earn multiple program certifications. Join this session to discuss the next level of certification success in the classroom.

Program/Area: Business & Information Technology**Session Title:** How to Prepare Students for CSP in IDT!**Time:** 8:15:00 AM - 10:15:00 AM

Session Description: Edwina Floyd Columbia High School edwina_v_floyd@dekalbschoolsga.org It is very important that students are prepared for Computer Science Principles and the best way to do it is in Intro to Digital Technology. In this workshop I will demonstrate the lessons and activities I use to get them engaged!

Program/Area: Business**Session Title:** Mix It Up with Microsoft Office Mix**Time:** 8:15:00 AM - 10:15:00 AM

Session Description: Kimberly Daniel North Springs Charter High School DanielKW@fultonschools.org Turn your PowerPoint presentation into an Office Mix that will provide personalized instruction and check for understanding through the use of polls, quizzes, etc. Mix is a powerful tool that makes authoring and sharing online lessons and presentations simple. You will be able to create audio of yourself narrating a lesson and/or video of yourself speaking to students. Office Mix lets you record, modify and re-record videos with ease. Unlike a traditional classroom setting where you're limited by the size of the room and the number of students, Office Mix allows you to teach in a virtual classroom of unlimited capacity while making each student who views the lesson feel like you're talking directly to them. Participants will need to bring a laptop/tablet and a PowerPoint presentation. Also, they will need to download the Office Mix add on at mix.office.com.

Program/Area: Business--Middle Level**Session Title:** Managing the Middle School Classroom in 1:1 Technology Environments**Time:** 9:15:00 AM - 10:15:00 AM

Session Description: Amber Mann Clements Middle School mann.amber2@newton.k12.ga.us This session will provide Middle School instructors with strategies to engage their students, monitor progress, and differentiate instruction.

Program/Area: Business**Session Title:** Course Correction: Tools You Didn't Know You Needed**Time:** 9:15:00 AM - 10:15:00 AM

Session Description: Colby Anderson Morgan County High School colby.anderson@morgan.k12.ga.us Tools, resources, and lesson ideas to save time and energy with working with Information Technology and Business Education. From coding to entrepreneurship, these are practical ideas and in-class examples made to make your life as a teacher much easier. These tools are meant for high student engagement as well as strengthening their technological literacy. These lessons and ideas will be shared so they can immediately be put into use with minimal alterations. Expand your teaching horizons as well as your students' today!

Program/Area: Business**Session Title:** Building Community Engagement in Your BCS Program**Time:** 9:15:00 AM - 10:15:00 AM

Session Description: Scott Allen Eastside High School allen.scott@newton.k12.ga.us This presentation is about getting the right people in your community engaged in the targeted growth of your CTAE/business/FBLA programs so they are consistent with both the DOE standards, and the targeted growth of your community. Elements of the presentation include the proper construction of productive advisory boards, as well as tactics to engage your local economic development departments and local chambers of commerce and other community organizations in your departments, clubs and daily lessons.

Program/Area: Business--BMA**Session Title:** GMetrix Advanced**Time:** 9:15:00 AM - 10:15:00 AM

Session Description: Ann Schreck Certiport ann.schreck@pearson.com Learn to create customized practice tests, assessments, and projects. Understand how to use customized tests, and access codes for students needing more help, and students who are learning faster than the rest of the class and are ready for a challenge. Ensure students are prepared for successful certification outcomes by making use of this optional, and additional program.
